The conference will bring together experts from academia and industry to discuss the latest developments in information and software technologies, and to explore their applications in a wide range of domains, including:

* Artificial intelligence * Big data * Cloud computing * Cybersecurity * Internet of things * Software engineering * Software quality assurance

IIP 2024 will feature a keynote address by Dr. Turing Award winner Raj Reddy, as well as invited talks by leading researchers from around the world. The conference will also include a variety of technical sessions, workshops, and tutorials.

Conference Venue

The conference will be held at the Nanning International Convention and Exhibition Center in Nanning, China. The convention center is a state-of-the-art facility that offers a variety of meeting rooms and exhibition spaces.

Accommodation

There are a variety of hotels within walking distance of the conference venue. The conference organizers have negotiated special rates for conference attendees.

Registration

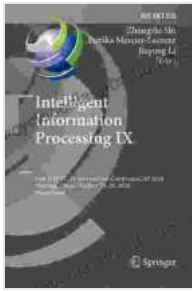

Registration for IIP 2024 is now open. Early registration discounts are available until June 30, 2024.

Visa

Citizens of most countries do not require a visa to enter China. However, it is recommended that you check with your local Chinese embassy or consulate to verify the visa requirements for your country.

Contact

For more information about IIP 2024, please visit the conference website or contact the conference organizers at iip2024@ifip.org.
