Print length : 848 pages

Topics covered will include:

- Connected and automated vehicles
- Intelligent infrastructure
- Traffic management

- Public transportation
- Logistics and freight transportation
- ITS for sustainability
- ITS for safety

The conference will feature keynote speeches, technical sessions, workshops, and demonstrations. There will also be a number of social events and networking opportunities.

The 13th International Conference on Intelligent Transportation Systems is a must-attend event for anyone involved in the field of transportation. The conference will provide an opportunity to learn about the latest developments in ITS, network with experts from around the world, and see demonstrations of the latest technologies.

Keynote Speakers

The keynote speakers for the 13th International Conference on Intelligent Transportation Systems include:

- Dr. Steven Shladover, University of California, Berkeley
- Dr. Christoph Stiller, German Aerospace Center
- Dr. Hani S. Mahmassani, Northwestern University

Technical Sessions

The conference will feature over 500 technical sessions covering a wide range of topics in ITS. The sessions will be organized into the following tracks:

- Connected and automated vehicles
- Intelligent infrastructure
- Traffic management
- Public transportation
- Logistics and freight transportation
- ITS for sustainability
- ITS for safety

Workshops

In addition to the technical sessions, the conference will also offer a number of workshops on specialized topics in ITS. The workshops will be led by experts in the field and will provide an opportunity to learn about the latest developments in a particular area.

Demonstrations

The conference will feature a number of demonstrations of the latest technologies in ITS. The demonstrations will be held in the exhibition hall and will provide an opportunity to see these technologies in action.

Social Events

The conference will also feature a number of social events, including a welcome reception, a conference banquet, and a city tour. These events will provide an opportunity to network with other attendees and learn more about the Croatian culture.

Registration

Registration for the 13th International Conference on Intelligent Transportation Systems is now open. Early bird registration rates are available until March 31, 2024.

To register for the conference, please visit the website:

<https://www.itsworldcongress.org/2024/>

Accommodation

A block of rooms has been reserved at the Sheraton Zagreb Hotel for conference attendees. To book a room, please visit the website:

<https://www.sheraton.com/zagreb/>

Transportation

Zagreb is easily accessible by air, rail, and road. The city is served by the Zagreb Airport (ZAG), which is located about 10 kilometers from the city center. There are also regular train and bus services to Zagreb from other major cities in Croatia and Europe.

Visa Information

Citizens of most countries do not need a visa to enter Croatia. However, citizens of some countries will need to obtain a visa in advance. For more information, please visit the website of the Croatian Ministry of Foreign and European Affairs: <https://mvep.hr/en>

We look forward to seeing you in Zagreb in June 2024!
