

# 15th International Workshop WoAW 2024: A Gateway to the Future of Web Accessibility

The World Wide Web (WWW) has revolutionized the way we communicate, learn, and do business. However, for people with disabilities, the Web can be a barrier rather than a bridge. Web accessibility is the practice of making

websites usable by people with disabilities, including those who are blind, deaf, or have cognitive or physical impairments.

The 15th International Workshop on Web Accessibility (WoAW 2024) will be held in Moscow, Russia, from May 17-18, 2024. The workshop will bring together researchers, practitioners, and policymakers from around the world to discuss the latest advancements and challenges in web accessibility.

### Topics

The WoAW 2024 workshop will cover a wide range of topics related to web accessibility, including:

- Web accessibility guidelines and standards
- Web accessibility evaluation techniques
- Web accessibility design and development tools

- Web accessibility policies and regulations
- Web accessibility research
- Web accessibility education and training

## **Keynote Speakers**

The WoAW 2024 workshop will feature keynote speeches from leading experts in the field of web accessibility, including:

- **Dr. Shawn Lawton Henry**, President of the Web Accessibility Initiative (WAI)
- **Dr. Gregg Vanderheiden**, Director of the Trace Research and Development Center
- **Ms. Judy Brewer**, Director of the Web Accessibility Initiative (WAI)

## **Call for Papers**

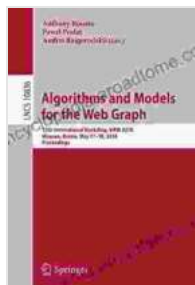

The WoAW 2024 workshop is now accepting submissions for papers. Papers should be original research papers, case studies, or position papers on any topic related to web accessibility. Papers should be submitted electronically to the WoAW 2024 website by January 15, 2024.

## **Registration**

Registration for the WoAW 2024 workshop is now open. The early registration deadline is April 1, 2024. To register for the workshop, please visit the WoAW 2024 website.

The 15th International Workshop on Web Accessibility (WoAW 2024) is a must-attend event for anyone interested in the latest advancements and challenges in web accessibility. The workshop will provide a unique

opportunity to learn from leading experts in the field, network with other professionals, and contribute to the development of the future of web accessibility.
