Prepare yourself for an extraordinary event that will revolutionize your understanding of power engineering. The 18th International Conference on Applied Aspects of Power Electronics, Protection, and Power Systems (ICA3PP 2024) is set to take place in the vibrant city of Guangzhou, China from November 15-17, 2024. This esteemed conference is your gateway to unlocking the latest advancements, engaging with industry leaders, and shaping the future of power engineering.

ICA3PP 2024 is meticulously organized to provide a comprehensive and interactive experience that will ignite your curiosity and empower you with cutting-edge knowledge. Join a global network of experts, researchers, and

professionals as they delve into the most pressing issues facing the power engineering industry.

Key Features of ICA3PP 2024

- **Cutting-Edge Research Presentations:** Witness groundbreaking research from leading universities and research institutions around the world, covering the latest advancements in power electronics, protection, and power systems.
- **Expert-Led Technical Sessions:** Engage in thought-provoking discussions and learn from renowned experts in various subfields of power engineering, including power quality, renewable energy integration, and smart grids.

- **Interactive Workshops and Demonstrations:** Get hands-on experience through interactive workshops and demonstrations that showcase the latest technologies and applications in power engineering.
- **Networking Opportunities:** Expand your professional network by connecting with industry leaders, researchers, and professionals from around the globe.
- **Cultural Immersion:** Immerse yourself in the rich cultural heritage of Guangzhou, China, while exploring this vibrant city's historical landmarks and attractions.

Register Today and Secure Your Spot

Don't let this extraordinary opportunity pass you by. Register for ICA3PP 2024 today and secure your spot among the brightest minds in power engineering. Early registration discounts are available, so don't delay.
