

24th International Conference Iconip 2024

Guangzhou China November 14 18 2024:

Shaping the Future of Intelligent Computing

The 24th International Conference on Neural Information Processing (ICONIP 2024) will be held in Guangzhou, China, from November 14-18, 2024. This prestigious conference brings together leading researchers and practitioners from academia, industry, and government to exchange ideas and present the latest advancements in the field of intelligent computing.

Neural Information Processing: 24th International Conference, ICONIP 2024, Guangzhou, China, November 14-18, 2024, Proceedings, Part I (Lecture Notes in Computer Science Book 10634)

ICONIP is a premier international conference in the field of intelligent computing, and it provides a forum for researchers to present their original research findings and discuss the latest developments in the field. The conference covers a wide range of topics, including:

- Artificial intelligence

- Machine learning
- Deep learning
- Neural networks
- Computer vision
- Natural language processing
- Data mining
- Big data
- Optimization
- Control
- Robotics
- Bioinformatics
- Healthcare
- Finance
- Transportation

ICONIP 2024 will feature a keynote address by Professor Yoshua Bengio, a world-renowned expert in the field of artificial intelligence. Professor Bengio is a Turing Award winner and a Fellow of the Royal Society of Canada. He is also the Director of the Mila Institute for Artificial Intelligence at the University of Montreal.

In addition to the keynote address, ICONIP 2024 will feature a variety of technical sessions, workshops, and tutorials. The conference will also provide opportunities for networking and collaboration among attendees.

ICONIP 2024 is a must-attend event for anyone interested in the latest advancements in the field of intelligent computing. The conference will provide a unique opportunity to learn from leading researchers and practitioners, and to network with other professionals in the field.
