DXA is a medical imaging technique that uses X-rays to measure bone mineral density (BMD). BMD is a measure of the amount of minerals, such as calcium and phosphorus, in bone. Low BMD is a risk factor for osteoporosis, a condition that causes bones to become weak and brittle.

The 29th International Conference Dexa 2024 will cover a wide range of topics related to DXA, including:

- New developments in DXA technology
- Clinical applications of DXA
- Research using DXA
- Quality control and standardization in DXA

### **Who Should Attend**

The 29th International Conference Dexa 2024 is a must-attend event for anyone involved in the field of DXA, including:

- Physicians
- Scientists
- Technologists
- Researchers
- Manufacturers

### **Registration**

Registration for the 29th International Conference Dexa 2024 will open in early 2024. The registration fee will include access to all scientific sessions, the exhibition, and social events.

### **Accommodation**

A block of rooms has been reserved at a discounted rate for conference attendees at the following hotels:

- Hotel Ibis Regensburg
- Hotel Mercure Regensburg
- Hotel Dorint Regensburg

## **Getting to Regensburg**

Regensburg is located in the heart of Bavaria, Germany. The city is easily accessible by train, plane, or car.

The nearest airport is Munich Airport (MUC), which is located about 1 hour from Regensburg by train.

Regensburg is also well-connected by train to other major cities in Germany, such as Berlin, Frankfurt, and Hamburg.

## **Things to Do in Regensburg**

Regensburg is a beautiful city with a rich history and culture. There are many things to see and do in the city, including:

- Visiting the Regensburg Cathedral, a UNESCO World Heritage Site
- Exploring the Old Town, with its narrow streets and medieval buildings
- Taking a boat trip on the Danube River
- Visiting the Walhalla, a memorial to German history and culture

The 29th International Conference Dexa 2024 is a unique opportunity to learn about the latest advances in the field of DXA. The conference will bring together experts from around the world to share their knowledge and

experience. If you are involved in the field of DXA, then you should not miss this event.
