The 44th International Conference on Current Trends in Theory and Practice of Computer Science (SOFSEM 2023) will be held in Limassol, Cyprus, from January 23 to 27, 2023.

The conference will bring together researchers and practitioners from academia and industry to discuss the latest advances in computer science theory and practice. The conference will feature keynote speeches, invited talks, and contributed papers on a wide range of topics, including:

- Algorithms

- Complexity theory

- Cryptography

- Databases

- Information retrieval

- Machine learning

- Natural language processing

- Operating systems

- Programming languages

- Software engineering

The conference will also feature a number of special events, including a workshop on the Future of Computing, a hackathon, and a career fair.

SOFSEM is one of the leading international conferences in computer science. The conference is held annually in a different location around the world. The 44th edition of the conference will be held in Limassol, Cyprus, which is a beautiful city with a rich history and culture.

The conference is organized by the Charles University in Prague, Czech Republic, and the University of Cyprus. The conference is sponsored by a number of leading companies in the computer science industry.

If you are interested in attending SOFSEM 2023, please visit the conference website at https://sofsem2023.org.

## Important dates

- **Abstract submission deadline:** October 1, 2022

- **Paper submission deadline:** October 15, 2022

- **Notification of acceptance:** November 15, 2022

- **Camera-ready paper deadline:** December 1, 2022

- **Conference dates:** January 23-27, 2023

## Keynote speakers

- **Professor Moshe Y. Vardi**, Rice University

- **Professor Dana Randall**, University of Pennsylvania

- **Professor Michael Mitzenmacher**, Harvard University

## Invited speakers

- **Professor Edith Cohen**, Google

- **Professor David Eppstein**, University of California, Irvine

- **Professor Thore Graepel**, DeepMind

- **Professor Yannis Ioannidis**, University of Athens

- **Professor Andrew McGregor**, University of Edinburgh

- **Professor Pandu Rangan Chandran**, Indian Institute of Technology Madras

- **Professor Mihalis Yannakakis**, Stanford University

## Conference venue

The conference will be held at the Amathus Beach Hotel in Limassol, Cyprus. The hotel is located on the beachfront and offers a variety of amenities, including a swimming pool, a spa, and a number of restaurants.

## Registration

The registration fee for the conference is €350 for regular participants and €250 for students. The registration fee includes access to all conference sessions, the welcome reception, the banquet, and the coffee breaks.

To register for the conference, please visit the conference website at https://sofsem2023.org.

## Accommodation

The conference hotel offers a number of different accommodation options. The hotel also offers a number of discounts on accommodation for conference attendees.

To book your accommodation, please visit the conference website at https://sofsem2023.org.

## Travel

Limassol is easily accessible by air and by sea. The city is served by the Larnaca International Airport (LCA),which is located about 60 kilometers from the city center. There are a number of airlines that offer flights to Larnaca from major cities around the world.

There are also a number of bus and train services that connect Limassol to other cities in Cyprus.

## Visa

Citizens of most countries do not need a visa to enter Cyprus. However, citizens of some countries, such as the United States, Canada, and Australia, do need to obtain a visa.

To apply for a visa, please visit the website of the Cyprus embassy or consulate in your country.

## Contact

If you have any questions about the conference, please contact the conference organizers at sofsem2023@gmail.com.
