About the Creative and Cultural Industries

The creative and cultural industries (CCIs) are a growing and important part of the global economy. The CCIs include a wide range of activities, such as:

- Art
- Music
- Film
- Television
- Radio

- Publishing
- Design
- Fashion
- Architecture
- Tourism

The CCIs contribute to economic growth, job creation, and social development. They also play a vital role in shaping our culture and identity. In recent years, the CCIs have been increasingly recognized for their potential to contribute to sustainable development.

About ICCCI

The International Conference on Creative and Cultural Industries (ICCCI) is a leading international conference that brings together researchers, policymakers, industry professionals, and artists from around the world to discuss the latest trends and developments in the creative and cultural industries.
