The 6th ECML PKDD Workshop DARE 2024 will bring together leading researchers and practitioners in machine learning and data mining from around the world to discuss the latest advancements in the field. The workshop will be held in Dublin, Ireland, on September 10, 2024.

The workshop will feature a keynote address by Dr. Geoffrey Hinton, a world-renowned expert in machine learning. Dr. Hinton will discuss the latest trends in machine learning and share his insights on the future of the field.

In addition to the keynote address, the workshop will feature a series of invited talks and contributed papers. The invited talks will be given by leading researchers in machine learning and data mining, and the contributed papers will be selected from a pool of submissions by researchers from around the world.

The workshop will also feature a number of networking opportunities, including a welcome reception, a poster session, and a banquet. These

events will provide attendees with the opportunity to meet and interact with other researchers and practitioners in the field.

The 6th ECML PKDD Workshop DARE 2024 is a must-attend event for anyone interested in the latest advancements in machine learning and data mining. The workshop will provide attendees with the opportunity to learn from leading experts in the field, network with other researchers and practitioners, and stay up-to-date on the latest trends.
