## Conference Overview

The 14th International Conference on Distributed Computing and Artificial Intelligence (DCAI 2023) will be held in Beijing, China, from July 10-12, 2023. This conference aims to bring together researchers, engineers, and practitioners from both academia and industry to share their latest research findings, ideas, and experiences in the fields of distributed computing and artificial intelligence.

The conference will feature a variety of technical sessions, including:

- Distributed algorithms
- Cloud computing
- Big data
- Machine learning

- Artificial intelligence
- Data mining
- Computer vision
- Natural language processing

The conference will also include a number of keynote speeches from leading experts in the field, as well as a variety of workshops and tutorials.

### **Important Dates**

- Paper submission deadline: March 15, 2023
- Notification of acceptance: April 15, 2023
