Embark on a Transformative Experience: Embrace the 14th International Symposium IDA 2024 Saint Etienne

Nestled in the heart of the Auvergne-Rhône-Alpes region, Saint Etienne unveils a rich architectural tapestry that spans centuries. As you stroll through the historic city center, you'll encounter architectural gems from the medieval period to the present day.

During the symposium, renowned experts from around the world will delve into the city's architectural heritage, exploring its transformative power and enduring legacy. From the intricate facades of Saint-Charles de Firminy to the innovative designs of the Cité du Design, Saint Etienne invites us to reflect on the interplay between architecture, culture, and society.

The symposium is not merely a retrospective of the past; it looks boldly towards the future of architecture and urbanism. Leading architects, urban planners, and theorists will share their groundbreaking ideas on sustainable design, smart cities, and the role of architecture in shaping a more just and equitable world.

Advances in Intelligent Data Analysis XIV: 14th International Symposium, IDA 2024, Saint Etienne. France, October 22 -24, 2024. Proceedings (Lecture Notes in Computer Science Book 9385)

Through a series of engaging keynote lectures, panel discussions, and workshops, participants will have the opportunity to engage in thought-provoking discussions, learn from the forefront of architectural practice, and envision new possibilities for our built environment.

The 14th International Symposium IDA 2024 is more than just an academic conference; it is a vibrant hub for knowledge exchange and professional networking. Participants from diverse backgrounds, including architects, urbanists, historians, and students, will come together to share their perspectives, forge connections, and ignite collaborations.

The symposium's social program, featuring receptions, guided tours, and cultural events, provides ample opportunities to connect with fellow attendees, delve deeper into the city's architectural offerings, and create lasting memories.

The symposium's program is designed to offer a rich and diverse array of experiences, including:

- **Keynote Lectures by Renowned Experts:** Hear from leading figures in the fields of architecture, urban planning, and design, who will share their groundbreaking insights and inspire new perspectives.

- **Panel Discussions on Critical Issues:** Engage in lively debates on pressing issues facing the built environment, from sustainability to

social justice and technological advancements.

- **Interactive Workshops:** Participate in hands-on workshops led by experienced practitioners, where you can explore new design approaches and gain practical knowledge.

- **Guided Tours of Saint Etienne's Architectural Heritage:** Discover the city's architectural gems through guided tours led by local experts, offering a unique opportunity to experience Saint Etienne's rich history firsthand.

- **Networking Opportunities:** Connect with fellow attendees, exchange ideas, and forge professional relationships at receptions, social events, and networking breaks.

The 14th International Symposium IDA 2024 Saint Etienne is not just a conference; it is an invitation to embrace the transformative power of architecture. It is an opportunity to explore the interplay between the built environment and human experience, to envision new possibilities for our cities and communities, and to engage in a collective dialogue that shapes the future of our world.

Join us in Saint Etienne, France, from October 22 to 24, 2024, for an unforgettable journey that will redefine your understanding of architecture and urbanism.
