A Platform for Groundbreaking Research

MBSW 39 will provide a platform for scholars from around the globe to present their groundbreaking research findings in various areas of mathematics, including:

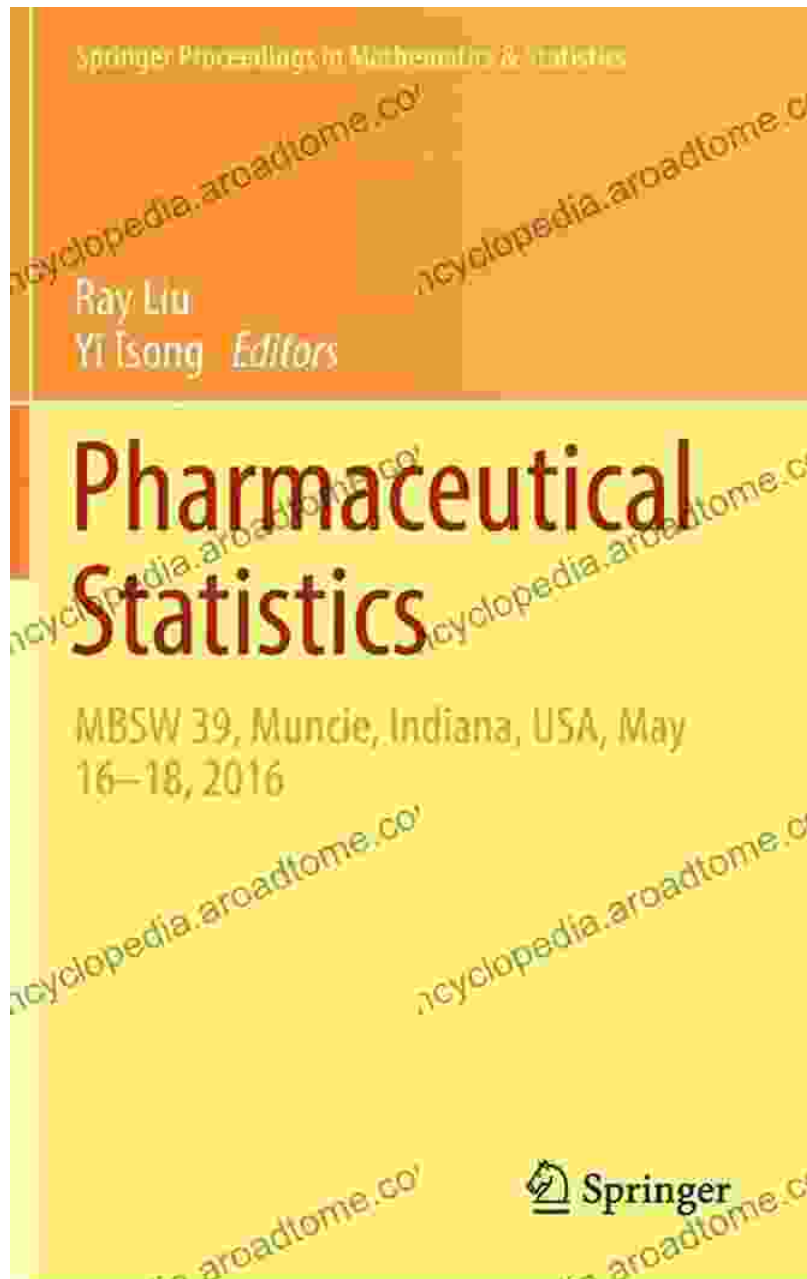

- Algebra and Number Theory

- Analysis and Differential Equations
- Geometry and Topology
- Probability and Statistics
- Numerical Analysis and Scientific Computing

These presentations will cover a wide range of topics, from theoretical foundations to practical applications, fostering cross-disciplinary discussions and igniting new avenues of exploration.

Engage with Renowned Experts

MBSW 39 will feature a distinguished lineup of keynote speakers, renowned for their exceptional contributions to the field of mathematics. These luminaries will share their insights on cutting-edge research and inspire attendees with their visions for the future of the discipline.

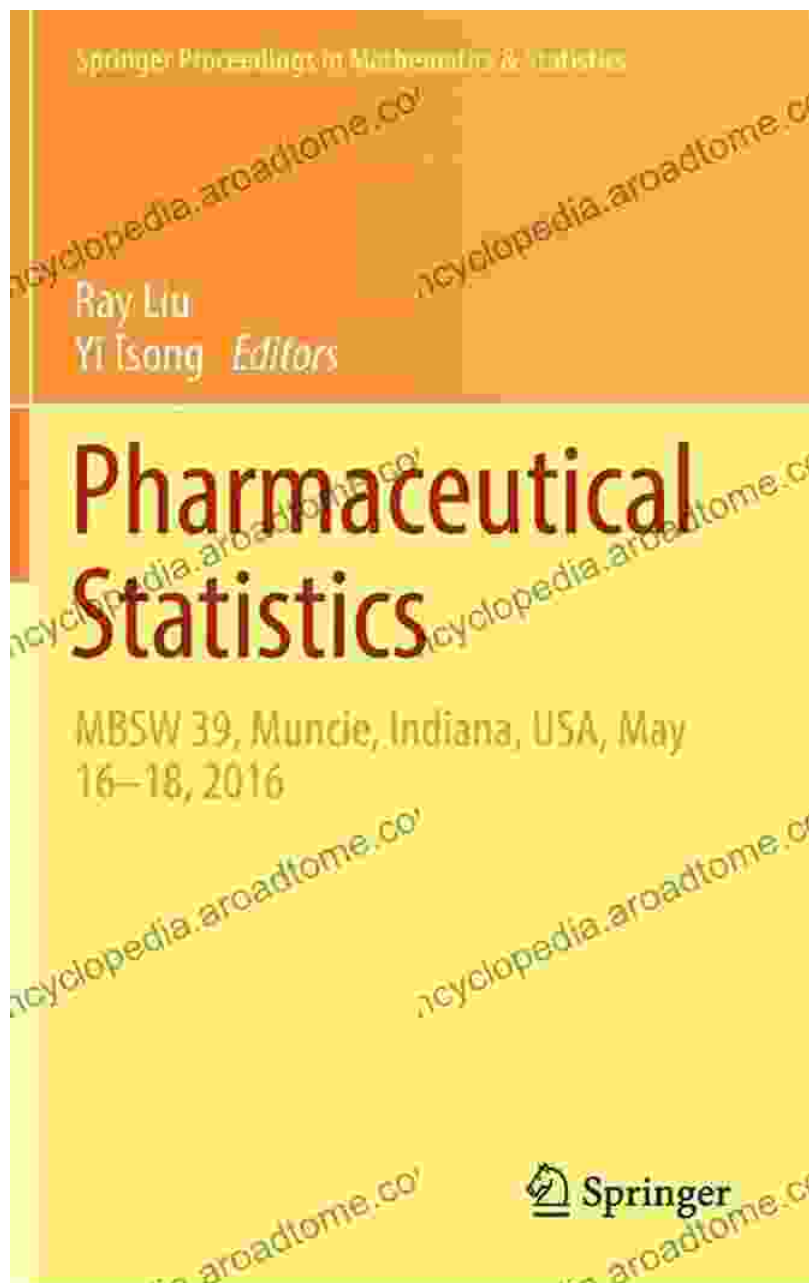

Foster Collaboration and Networking

Beyond the formal presentations, MBSW 39 will offer ample opportunities for attendees to connect, exchange ideas, and foster collaborations.

Dedicated networking sessions, social events, and poster presentations will provide a conducive environment for building relationships and exploring potential research partnerships.

Experience the Heart of Indiana

Muncie, Indiana, is a charming city that seamlessly blends small-town hospitality with big-city amenities. While attending MBSW 39, attendees can immerse themselves in the local culture by visiting the David Owsley Museum of Art, exploring the Minnetrista Cultural Center, or enjoying live music at the Muncie Symphony Orchestra.
