The Second Workshop Openshmem 2024 will be held in Annapolis, Maryland, USA, in August 2024. This workshop will bring together experts from around the world to discuss the latest developments in OpenSHMEM, a high-performance programming model for distributed-memory systems.

OpenSHMEM is a high-performance programming model for distributed-memory systems. It is designed to provide a simple and efficient way to write parallel programs that can run on a variety of high-performance computing systems.

The Second Workshop Openshmem 2024 will provide a forum for researchers and practitioners to discuss the latest developments in OpenSHMEM. The workshop will include invited talks, contributed papers, and panel discussions.

Topics

The following topics will be covered at the workshop:

- OpenSHMEM programming model
- OpenSHMEM implementations
- OpenSHMEM applications
- Performance optimization for OpenSHMEM programs
- Future directions for OpenSHMEM

Important Dates

The following are important dates for the workshop:

- **Paper submission deadline:** March 15, 2024
- **Notification of acceptance:** April 15, 2024
- **Camera-ready paper deadline:** May 15, 2024
- **Workshop dates:** August 18-20, 2024

Submission Guidelines

Authors are invited to submit original research papers on the topics of the workshop. Papers should be no more than 8 pages in length and should be formatted according to the IEEE conference proceedings format.

Papers should be submitted electronically via the workshop website.

Registration

Registration for the workshop will open in April 2024. The registration fee will include access to all workshop sessions, materials, and coffee breaks.

Accommodation

A block of rooms has been reserved at the Annapolis Hilton for workshop attendees. To book a room, please call the hotel directly and mention the Second Workshop Openshmem 2024.

Contact

For more information about the workshop, please contact the workshop organizers at openshmem2024@gmail.com.
