About the Conference

The prestigious 16th Ibero-American Conference on Artificial Intelligence (IBERAMIA 2024) will be held in the vibrant city of Trujillo, Peru, from November 13-16, 2024. This highly anticipated event is a beacon for leading researchers, industry experts, policymakers, and students in the field of Artificial Intelligence (AI).

Exploring the Frontiers of AI

Under the theme "Unleashing Innovation," IBERAMIA 2024 will provide a platform for the exchange of groundbreaking research, innovative applications, and thought-provoking discussions on the transformative power of AI. The conference will delve into a wide spectrum of AI subfields, including:

- Machine Learning and Data Analysis
- Computer Vision and Natural Language Processing
- Robotics and Autonomous Systems
- AI for Healthcare, Education, and Social Good

- Ethics and Responsible AI

Keynote Speakers and Plenary Sessions

IBERAMIA 2024 will feature an impressive lineup of keynote speakers and plenary sessions led by renowned experts from academia and industry. Attendees will gain invaluable insights into the latest advancements in AI and its potential to shape the future.

Industry Showcase and Exhibition

Complementing the scientific program, IBERAMIA 2024 will host an industry showcase and exhibition. This interactive space will provide attendees with an opportunity to connect with leading AI companies, explore innovative products and services, and engage with industry leaders.

Call for Papers

Researchers and practitioners are invited to submit their original research papers and proposals for workshops, tutorials, and special sessions to IBERAMIA 2024. The deadline for submissions is [insert deadline].

Registration and Attendance

Registration for IBERAMIA 2024 is now open. Early bird discounts are available until [insert date]. Students and professionals from developing countries are eligible for a reduced registration fee. Visit the IBERAMIA 2024 website for more details.

Trujillo, Peru: A Cultural Hub

Trujillo is a treasure trove of history, culture, and natural beauty. As the third-largest city in Peru, it offers a vibrant blend of colonial architecture, archaeological ruins, and stunning beaches. Attendees will have ample opportunities to explore the city's rich cultural heritage and enjoy the warm hospitality of its people.

The 16th Ibero-American Conference on AI in Trujillo, Peru, promises to be a transformative event for the AI community. Join us in November 2024 to engage with leading experts, learn about cutting-edge advancements, and contribute to the future of AI. Together, we will unleash innovation and shape a better world through the transformative power of Artificial Intelligence.
